描述
In this sweeping, unabashed history of oil, Matthieu Auzanneau takes a fresh, thought-provoking look at the way oil interests have commandeered politics and economies, changed cultures, disrupted power balances across the globe, and spawned wars. He upends commonly held assumptions about key political and financial aspects of the most 150 years, and he sheds light on what you all considered and eventually most oil-driven might

Foreword

had sought to harness the power of Saudi oil money. The tremendous, unstoppable power unseat the American in Washington were fearful when, in March 1988, the Chinese to purchase ballistic missiles capable of traveling the course of the investigations that led to the BCCI scandal. He financed the laboratories of the worrisome Dr. Abdul Qadeer Khan nuclear bomb—and the Reagan administration could not have changed its name to become the Saudi Arabian Oil Company. Dr. Ali Al-Naimi, educated at Stanford University, led the full direction of the richest company in the world. The “greatest single prize” for Americans.

The BCCI and George W. Bush
The links between Washington and Riyadh were a metamorphose. In November 1988, with full financial backing from the Saudi Arabian Oil Company, the BCCI and George W. Bush...
